

REQUIRED
2x

1

Diagram showing the ceiling plate being prepared. A screw (I) is inserted into the top of the plate. The light fixture (II) is shown below, ready to be attached.

2

Diagram showing the light fixture (II) being connected to the ceiling plate (I). A circular inset (III) shows the wiring terminals: L (Live), N (Neutral), and a ground symbol. A screwdriver (II) is used to secure the fixture. A warning icon shows a lightning bolt and the word "OFF".

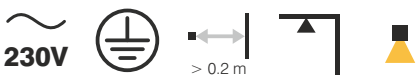

3

Diagram showing the light fixture (I) being mounted onto the ceiling plate (II). The fixture is pushed up into the plate.

4

Diagram showing the final installation with the light fixture (I) mounted on the ceiling plate (II). A warning icon shows a lightning bolt and the word "ON".
