	REVEL LED	MAXI RING LED
M [mm]	335	505
H [mm]	105	145

1

Diagram showing the disassembly of the light fixture. The top cover is removed, and the internal components are exposed. Arrows I and II indicate the direction of movement.

2

Diagram showing the preparation of the ceiling. A hole is cut into the ceiling, and four installation points are marked with 'I'. A switch is shown in the 'OFF' position. The voltage is labeled as $\sim 230\text{ V}$. The minimum height of the ceiling is labeled as 'H min.'.

3

Diagram showing the light fixture being mounted to the ceiling. The fixture is pushed into the hole, and four screws are used to secure it. The voltage is labeled as $\sim 230\text{ V}$. Arrows I and II indicate the direction of movement.

4

Diagram showing the wiring connections. The power supply is connected to the fixture. A circular inset shows the wiring terminals labeled 'L', 'N', and 'PE'. A 'push' button is shown. The voltage is labeled as $\sim 230\text{ V}$.

5

Diagram showing the final assembly. The light fixture is fully installed, and the protective foil is removed from the front and back sides. Arrows I, II, and III indicate the direction of movement. A circular inset shows the removal of the protective foil.

6

Diagram showing the final check. The light fixture is fully installed, and the switch is shown in the 'ON' position. The voltage is labeled as $\sim 230\text{ V}$.

Źródło światła zastosowane w tej oprawie oświetleniowej powinno być wymieniane wyłącznie przez producenta lub jego przedstawiciela serwisowego, lub podobnie wykwalifikowaną osobę.
The light source contained in this luminaire shall only be replaced by the manufacturer or his service agent or a similar qualified person.

Ten produkt zawiera źródła światła o klasie efektywności energetycznej D.
 This product contains a light sources of energy efficiency class D.
